

Perfect for Pots

FLORIANA®

NEW Pansy 'Sunset Neon'

Dianthus 'Cherry Pie'

Take the guesswork out of container gardening with Floriana *Perfect for Pots*.

The *Perfect for Pots* range includes only those varieties that are proven performers for pots, hanging baskets and window boxes.

Each four-cell punnet contains enough plants to add reliable colour to a standard 25cm pot. What's more, advanced grown *Perfect for Pots* seedlings are ideal choice for busy gardeners who want beautiful results. . . *fast!*

You'll find only the very best modern hybrids in the top quality Floriana *Perfect for Pots* range, and that means better performing plants, in the latest fashion colours - every time.

NEW Pansy 'Sunset Neon'

Pansy 'Sunset Neon' has butter yellow petals with contrasting 'neon' lilac petal margins and handsome whiskers. The flowers reach to up to 5cm across with colours and markings that become increasingly pronounced as the weather cools.

Turn the page for some *perfect* autumn/winter planting ideas for your patio, balcony, window boxes or hanging baskets.

Perfect for Pots

fLORIANA

Perfectly Sun Hardy

Lavender Munstead and **Lavender Hidcote** are low maintenance options for dry, awkward garden positions. These hardy perennials thrive in hot, sunny positions and need little water once established.

Perfect for Shady Glades

Shady Glade Mini Cyclamen prefer well-drained soils and perform well in shaded positions under trees, verandas and eaves. Avoid over-watering. These dainty cyclamens have miniature flowers and add colour to cool, shaded areas, year after year. Available in white, pink, lilac, and mixed colour selections.

Perfectly Charming in Semi-Shade

Primula Obconica Charmed is a *low irritant* variety available in white, magenta and blue flowering selections. The elegant, upright blooms look great in pots and massed plantings. Alternatively, look for **Primula Acaulis Pantomime** for bright winter colour. Suits full sun to semi-shade.

Perfectly Giant Flowers

Floriana has a huge range of pansies with giant- flowers that can reach up to 10cm across. They flower for months and retain a compact habit so they look better in pots for longer. Tip! Encourage fresh blooms, remove spent flowers. Look for Giant Flame, Giant Marina, Giant Ocean, Giant Sunrise and Giant Vanilla.

Perfectly Grand Borders

Baby Grand Violas are celebrated for masses of blooms they produce over a long flower period. These dainty delights reach just 15cm high and thrive in full sun positions. Baby Grand Violas come in gold, blue and rose flowering varieties and are ideal for mixed plantings and borders.

Perfectly Devine

Dianthus Cherry Pie is an outstanding compact, early flowering variety that is almost completely covered in extra large blooms in shades of cherry red and deep pink. Thrives in full sun.

Perfectly Petite

Snapdragon Saffron and **Snapdragon Velveteen** are miniature snapdragons reaching just 20cm high. They flower for months and are ideal for pots or borders. Best suited to well-drained, full sun positions.
